

Stable Jobs = Stable Communities

Did you know unstable employment affects our whole community? It affects people's health, where and how they live, and their ability to move around. Join us to explore a unique mobile exhibit that features photographs and personal stories about the challenges faced by many families in Peel today. Understanding the issues and recognizing the impacts on you and your community is the first step toward change.

The inspiration for this exhibit is research by the *Poverty and Employment Precarity in Southern Ontario* project that offers a new way of understanding the impact of poverty in Canadian society. To learn more, visit pepso.ca.

Interested in hosting a free mobile exhibit that illustrates how precarious work impacts Peel residents? The exhibit is available for display within your organization's space or at an event.

To book the mobile exhibit please call: Geoff McIlroy at 905-791-7800, ext. 3562 or E-mail: geoff.mcilroy@peelregion.ca
